DEAR GRADUATE:

Remember, this is your commencement—not your ending. So, continue to drink deeply of the knowledge education has to offer.

You will begin to be profoundly wise when you can realize God's greatness and your littleness, when you can distinguish between bigotry and prejudice, against understanding and good will.

The "Annual" Result

For two generations the STONE imprint on college yearbooks has carried with it the assurance of high-quality printing and "on-time" delivery. We handle the entire production job, with careful supervision from beginning to end. Working in close cooperation with the editors and staff members of college annuals, our skilled artists plan the layout. Half-tone illustrations are made under the direction of engraving experts. The utmost care in printing and binding produce a finished job of which any school may well be proud.
